Please tick if you have an S1 (e.g. you are retiring to the UK or you have been posted here by your employer for work or you live in the UK but work in another EEA member state). Please give your S1 form to the practice staff.

How will your EHIC/PRC/S1 data be used? By using your EHIC or PRC for NHS treatment costs your EHIC or PRC data and GP appointment data will be shared with NHS secondary care (hospitals) and NHS Digital solely for the purposes of cost recovery. Your clinical data will not be shared in the cost recovery process.

Your EHIC, PRC or S1 information will be shared with The Department for Work and Pensions for the purpose of recovering your NHS costs from your home country.

## New Patient Registration Form

Thank you for choosing to register with Victoria Surgery.

Please fully complete this questionnaire, writing clearly and in BLOCK CAPITALS. If you require any assistance, please speak to Reception.

In order to speed up the registration process, please provide Reception with photographic ID and evidence of your address (such as a utility bill) at the time of handing in your registration forms if these documents are available. If you do not have these documents, you are still able to register with our Practice

#### Consent To Hold Your Records

The Practice needs to hold your medical records on the premises in order to give you the best medical care possible. We keep your records on the computer as well as holding paper notes. All of our patient's notes are covered by the Data Protection Act 2018. This means that a third party cannot access your records without your consent.

#### Summary Care Record

Your Summary Care record is an electronic record of important information about your health and is available to healthcare staff providing your NHS care in England, for example A&E. This means that if you ever become ill and need urgent or out of hours treatment outside of the surgery, the clinicians that treat you will have immediate access to important healthcare information about you. If you do not want this to happen, please ask reception for an Opt-Out form

#### Thank you for completing this form.

Please return this form to a member of the reception team who will make an appointment for your new patient health check.

#### Information on the services we provide is available in the Practice Leaflet or via our website

### Information for new patients: about your Summary Care Record

#### Dear Patient,

If you are registered with a GP practice in England you will already have a Summary Care Record (SCR), unless you have previously chosen not to have one. It will contain key information about the medicines you are taking, allergies you suffer from and any adverse reactions to medicines you have had in the past.

Information about your healthcare may not be routinely shared across different healthcare organisations and systems. You may need to be treated by health and care professionals that do not know your medical history. Essential details about your healthcare can be difficult to remember, particularly when you are unwell or have complex care needs.

Having a Summary Care Record can help by providing healthcare staff treating you with vital information from your health record. This will help the staff involved in your care make better and safer decisions about how best to treat you.

#### You have a choice

You have the choice of what information you would like to share and with whom. Authorised healthcare staff can only view your SCR with your permission. The information shared will solely be used for the benefit of your care.

Your options are outlined below; please indicate your choice on the form overleaf.

- a) **Express consent for medication, allergies and adverse reactions only.** You wish to share information about medication, allergies and adverse reactions only.
- b) **Express consent for medication, allergies, adverse reactions and additional information.** You wish to share information about medication, allergies and adverse reactions and further medical information that includes: Your significant illnesses and health problems, operations and vaccinations you have had in the past, how you would like to be treated (such as where you would prefer to receive care), what support you might need and who should be contacted for more information about you.
- c) **Express dissent for Summary Care Record (opt out).** Select this option, if you **DO NOT** want any information shared with other healthcare professionals involved in your care.

Please note that it is not compulsory for you to complete this consent form. If you choose not to complete this form, a Summary Care Record containing information about your medication, allergies and adverse reactions and additional further medical information will be created for you as described in point b) above.

The sharing of this additional information during the pandemic period will assist healthcare professionals involved in your direct care and has been directed via the Control of Patient Information (COPI) Covid-19 – Notice under Regulation 3(4) of the Health Service Control of Patient Information Regulations 2002.

If you choose to complete the consent form overleaf, please return it to your GP practice. You are free to change your decision at any time by informing your GP practice.
